

MAY 2015.

Greetings All,

The NEXT MEETING on Friday 8th May is a PRESENTATION evening. Phil Ramsden will speak on Macro Photography. “Macro photography is a term used for close up photos. It is a term applied to most close up photos but should actually only be applied to photos which have a 1:1 or closer magnification.”

Friday 22th May is a COMPETITION evening. Urban Scene + Open – Vince Nash is our judge for the evening. **Definition of Urban Scene:** the dictionary defines “urban” as “of living or situated in a city or town”. It may therefore be defined as a photograph showing an area of high or medium building density or an aspect of life associated with such an area. Please forward digitally projected images via DOOLEYS Camera Club website by midnight 9th May. If you have difficulty with online submission, please email your images to ccdooleys@gmail.com.

WORKSHOP WITH PAULA – Photoshop fundamentals

Our Saturday April 18th workshop was a very enjoyable afternoon. Paula demonstrated the tools which are available in Photoshop. The next workshop will be on creative Photoshop portrait techniques.

Thank you Paula for giving your time to help us achieve success with Photoshop!

PRESENTATION WITH JOHN CAMPBELL

Our meeting on Friday April 10th was a presentation by John Campbell. John demonstrated his Light Box with Camera Tethered to Lightroom. The Light Box that John made using fluorescent lighting and a Perspex top made it easy to achieve a white background.

John also showed what can be done by overlaying your Images with a Texture. Thanks John for a great presentation where we learnt some new techniques to use in our photography.
