## CANBERRA - FLORIADE

Those who travelled to Canberra for the Tulip Festival enjoyed seeing the gardens and parks at their best. Ilona arranged a beautiful couple of days for us all. The Gardens were spectacular, the river cruise was very relaxing and the Galleries and Museums gave us many photographic opportunities. The Gardens at "Tulip Hill" were a real surprise – they were so beautiful it was hard to leave them - the classical music that filled the air was an added bonus. A special thanks to Ilona for organising such a splendid few days.....
